Belaganahalli (V), Huthur (P), Kolar (T&D), India

Professional Summary

Enthusiastic and results-driven engineering fresher with hands-on experience in software development, deep learning, and full-stack project building. Strong problem-solving abilities, competitive coding achievements, and proven teamwork in multiple hackathons. Seeking an entry-level Software Engineering or Machine Learning role to contribute to high-impact systems.

Technical Skills

Languages: C, Python, Java, JavaScript

Core CS: Data Structures & Algorithms (DSA), OOP, Operating Systems, DBMS

ML & DL: Machine Learning (Basics), Deep Learning (CNN), TensorFlow

Tools & Tech: Git, GitHub, MySQL, Streamlit, Leaflet.js

Soft Skills: Problem Solving, Communication, Teamwork

Projects

Fake Currency Detection using Deep Learning

TensorFlow, Streamlit

- Built a MobileNetV2-based classifier to detect fake vs. real currency notes from images.
- Deployed a web application enabling image upload and real-time classification.

Real-Time Audio & Video Call Translation System

Speech Recognition, TTS

- Implemented multilingual speech-to-speech translation with subtitle generation.
- Integrated translation APIs and real-time audio processing for live communication.

Smart Campus Navigation System (SJCIT)

Leaflet.js, Web Mapping

- Developed an interactive campus map with building data, real-time routing, and location tracking.

AI-Based Smart Waste Classifier

Deep Learning, Streamlit

- Created a real-time waste classifier and eco-friendly disposal recommendation system.

Achievements

- **1st Place** – Rapid Code (Nivora), Dept. of AI & DS, SJCIT (2025)
- **3rd Place** – Inter-College C Programming Contest, CBIT Kolar (2025)
- **Participant** – CICADA 24-hour Hackathon (Atria Institute of Technology, 2025)
- **Participant** – GreenMind Hackathon (Sustainable AI, 2025)
- **Participant** – Hackspark 8-hour Hackathon, SVCE Bengaluru (2025)

Certifications

- Rapid Code (Nivora) – 1st Place, SJCIT
- Inter-College C Programming Contest – 3rd Place, CBIT Kolar
- CICADA 2025 – 24-Hour Hackathon, Atria Institute of Technology
- GreenMind Hackathon 2025 – Green Computing Foundation

Education

Bachelor of Engineering in Information Science and Engineering

SJC Institute of Technology

Expected Graduation: May 2027

GPA: 8.30
